

81, 59 1-10 it.

Two picked teams of the students played a game of Lacrosse in the afternoon, which was very interesting to the many spectators, as it is the first time the game was ever played here. The game is fast becoming very popular and already commands a good share of the boys' attention. Prof. Robinson acted as referee, and Prof. Lee and Dr. Alden of the medical school as judges for the exercises at the fair ground.
