## PENN BEATEN AT LACROSSE

### Swarthmore Wins 5 to 0, Through Her Good Team Play

Swarthmore defeated Penn's lacrosse team yesterday afternoon at Franklin Field to the tune of 5 to 0, in their first regularly scheduled game. The Quakers were just a little too strong in every department of the game and though the Red and Blue players did some excellent work and it seemed several times as if they would surely score, they each time failed to tally.

The Swarthmore team is a good one and they will come near to winning the college championship this year. Yesterday they showed the effects of good coaching, while their stick work was also above the average. In holding down such a strong team to such a low score Penn deserves every credit, as their attack was much weakened by the absence of Irwin.

At the beginning of the game it looked as if Penn had the Swarthmore men on the run, but the latter soon braced and at the end of the half they had scored two goals. In the second period Penn made a great effort to score and for some time the Swarthmore goal was in danger. At last Williams relieved and the Quakers then got together and scored three more goals. All of them were due to their good team work. The score:
