

SWARTHMORE WINS AGAIN

Quakers Defeat Columbia at Lacrosse 5 Goals to 0

Special to The Inquirer.

SWARTHMORE, Pa., April 20.—In pouring rain Swarthmore and Columbia met in a game of lacrosse on Whittier Field this afternoon, Swarthmore winning by five goals to none. When the teams lined up to play the field was in a terrible condition, and made good lacrosse impossible.

The slippery field prevented either team from playing the game that they are capable of, so it is impossible to judge Columbia's strength from the score. Their stick work was not up to that of last year's team, and they allowed Swarthmore many chances to score, on account of short passing in front of their goal.

The work of the Quakers was all that could be expected, and was fully equal to that of the last games played, but the team is not showing the form of last year's at the present date.

The slippery field caused some amusing plays, the feature of the game being a shot of Bean's while lying upon the ground. The line-up:
