

LACROSSE CANDIDATES OUT AT SWARTHMORE

The first call for lacrosse at Swarthmore College will be made next Monday. Lloyd Goman, former Chester High athlete, will captain the 1925 team and Sprout Lewis will again act as coach.

For the past few weeks as many as twenty candidates and last year varsity men have been tossing the lacrosse ball on the front campus but there has been no regular practice.

It was hoped that the new field on the east side of Chester road would be completed for this season but nothing has been done and the games will be played either on the campus or on the football field as in previous years.
