

**Swarthmore defeats New York Team on Whittier Field.**

Swarthmore College defeated the New York Lacrosse Club on Whittier Field Saturday. It was the poorest exhibition of a game that has been played around here for several seasons, but the Garnet team played the better game. The New York Club's defense played better than their attack but both teams showed none of the fine points of the game because of the early part of the season. Collins played an exceptionally good game at centre and Atkinson guarded the Garnet goal well.
